Election type	<b>Ordinary</b>
Enrolment status	<b>BRYSON, Jim is eligible to stand for election as a resident of the City of Kwinana.</b>

I am running as an independent candidate for mayor. My working life has been in the construction and resource industries I know the importance of planning and how to bring projects to fruition on time, on budget and in a safe way.

In conjunction with the retail park planned around the Costco precinct, I propose hotel, office and medium density housing around the train station. The train station is underutilised and needs to have people living and working close by to utilise it. I seek your vote on election day for a new start for Kwinana town. It's the time of independents.
